<div align="center">**COOKIES POLICY**</div>

This website and this policy is owned and operated by L'Oréal (Middle East) Limited ("L'Oréal" or "We").

What are cookies?

A cookie is a small file that a website transfers to the cookie file of the browser on your device so that the website can remember who you are.

We use cookies to help you navigate our website efficiently and to perform certain functions, including site traffic analysis. Cookies may also recognize you on your next login and offer you content tailored to your preferences and interests. Cookies do not compromise the security of a website.

Some cookies can collect personal information, including information you disclose like your username, or where cookies track you to deliver more relevant advertising content. For further details on how we use your personal information, please see our Privacy Policy.

There are two types of cookies on our sites – "session" cookies that are temporary cookies that remain on your browser only while you're on our site, and "persistent" cookies, that remain on your browser for much longer.

Do I want to stop them?

Many cookies are used to enhance the usability or functionality of a website; therefore disabling cookies may prevent you from using certain parts of this website. We explain the cookies we use in the table below and give you a button by which you can block the optional cookies.

If you wish to restrict or block all the cookies which are set by our website (which as we say may prevent you from using certain parts of the site), or indeed any other website, you can do this through your browser settings. The Help function within your browser should tell you how. For more information go to www.aboutcookies.org.

Which cookies are being used on this site?

TYPE OF COOKIE		ROLE	NAME OF COOKIES	WHAT IF I DO NOT ACTIVATE THEM ?
Strictly necessary cookies	**Strictly necessary cookies**	These are cookies that are essential for our website to work correctly, and are usually only set in response to actions made by you where you have requested a service. For example, such cookies may be required for system administration purposes, to prevent fraudulent activity, or for a shopping cart function.	YII_CSRF_TOKEN Securi backend_*_*_*_sa as hydra_access_token SimpleSAMLAuthToken hash_route AWSALB d-eu-c-ecs docebo_session	These cookies are always on, and cannot be deactivated.
